

Cyprus Dysmenorrhea (CypDy) Project

Job Title	Research Assistant
Project	Cyprus Dysmenorrhea (CypDy) Project
Location	Nicosia, Cyprus
Contract type	18 months part-time
Reporting to	Dr. Lysia Demetriou and Dr. Nilufer Rahmioglu
Vacancy Reference	GC01
Application Deadline	30 ^h September, 2024
Additional Information	Application to be submitted via email: femhealthresearch@gmail.com

The Project

Cyprus Dysmenorrhea (CypDy) Project is a bi-communal research study on dysmenorrhea funded by the European Union (EuropeAid/173620/DH/ACT/CY), and lead by Dr. Lysia Demetriou from FemHealth and Dr. Nilufer Rahmioglu from KISAD. The purpose of this study is to explore the symptoms, effects on quality of life and awareness of dysmenorrhea in menstruating individuals in Cyprus. Additionally, it will explore potential associations between dysmenorrhea symptoms and vitamin D levels in menstruating adolescent and pre-menopausal individuals.

The Role

Responsibilities

- Conduct patient screenings, enrolment, and follow-ups per protocol
- Keep recruitment records including consent forms and study documents
- Manage study and patient calendars and schedules
- Ensure compliance with study protocols, regulatory requirements, and internal policies
- Assist with writing and editing of study-related documents
- Assist with the project's social media

Selection Criteria

- Fluent Greek speaker
- Strong organisational and communication skills
- Positive attitude
- Good understanding of menstrual health and sensitivities
- Proficiency in Microsoft Office
- Proficiency in using social media (Instagram/Facebook)
- Able to work independently and in a team environment
- Bachelor's degree in life sciences, psychology, nursing, medical or relevant field (completed or final year students)
- Good knowledge of English

How to apply
